Bind off in pattern. Total length was 38". You can make it longer if desired.

Block if necessary.

Blocking method:

I sprayed the scarf with tepid water, layed it flat on the ironing board and used an ironing cloth (very important!) over the scarf and lightly ironed over the surface, careful not to press too hard with a low heat. After ironing, I placed it flat on a towel to dry completely where it would be undisturbed.

Lay flat during ironing, blocking and drying.

If you don't want to use an iron, you can also use rust proof pins with a blocking mat, board or towel. Lay flat, pin evenly around the edges and let it dry overnight.
